Chronicles Of The Waking Dream (New Arcane studio album!)

Arcane are proud to announce the completion of their second album, titled 'Chronicles of the Waking Dream'.

This highly anticipated concept album is Arcane's finest work to date, dealing with interwoven themes of synchronicity, perspective, and our very human reactions when confronted with the inexplicable.

The concept itself revolves around the date of May the 26th, as seen in the online appearance of the website [www.260508.com](http://www.260508.com), and its affiliated Myspace presence, [www.myspace.com/whatismay26](http://www.myspace.com/whatismay26), both of which have been spreading convoluted messages regarding the phenomenon of May 26. The messages, a plea for assistance and a call to follow, were signed only as 'Acolyte Zero'.

The full track listing for 'Chronicles of the Waking Dream' is as follows:

Glimpse  
The Seer  
The Malice  
The First Silent Year  
Secret  
Fading  
The Second Silent Year  
May 26  
The Third Silent Year  
Asylum: Acolyte Zero  
Whisper

The album will be released this year.

Arcane have been performing, based in Brisbane, Australia, since early 2005. Their debut album, 'Ashes', was released through Ozprog.com in July 2007.
